

This sterilizer is a fast sterilization tabletop equipment with a reliable automatic control program. It is a CLASS B type European standard device with three times pre-vacuum pulse drying function. It is the most advanced and economical medical equipment for sterilizing solids. It is fully compliant with European standard EN 13060, with nice appearance, high performance, high reliability and safety. Suitable for health

center, pharmaceutical companies, research institutes etc. Provides rapid sterilization for products resistant to saturated vapors such as surgical dental ophthalmic instruments, glassware, chemicals, culture media, fabric accessories and food.

AUTOCLAVES

Tabletop Type Class B

1. Quality stainless steel inner chamber and leakproof lid
2. Microprocessor control
3. Safe locking device
4. BD test, HELIX test ve VACUUM test
5. LCD display and touch keyboard
6. With standard test interface
7. Top opening type water tank
8. European CLASS B standard
9. Automatic protection functions:
 - Over temperature protection
 - Overpressure protection
 - Low level water protection
 - Dry burning protection
 - Security door lock
10. 3 times pre-vacuum
11. Alarm and automatic stop after sterilization
12. Automatic cold air and steam discharge after sterilization
13. Built-in steam generator to provide saturated steam quickly
14. Internal Printer
15. Built-in USB and U disk function

Model	ILD-OGT-18B	ILD-OGT-23B	ILD-OGT-32B
Capacity	18 Liter	23 Liter	32 Liter
Power	2.2 KW		
Voltage	110/220V 50Hz		
Working Pressure	0.22Mpa		
Working Temperature	134°C		
Chamber Volume	Ø250*370 mm	Ø250*470 mm	Ø250*570 mm
Exterior Dimenisons (W*D*H)	480*590*450 mm	480*710*450 mm	500*750*500 mm
Package Dimenisons (W*D*H)	560*670*510 mm	560*770*510 mm	520*780*520 mm
Gross / Net Weight	57 / 48 kg	60 / 53 kg	70 / 60 kg
